

Beacon 6 Operation During Period of 2020-06-01 to 2020-07-01

Introduction

The following presentation is a summary of the Beacon data from the study period indicated above.

Sensor Data

Carbon Dioxide

The Carbon Dioxide values and reliability are summarized below

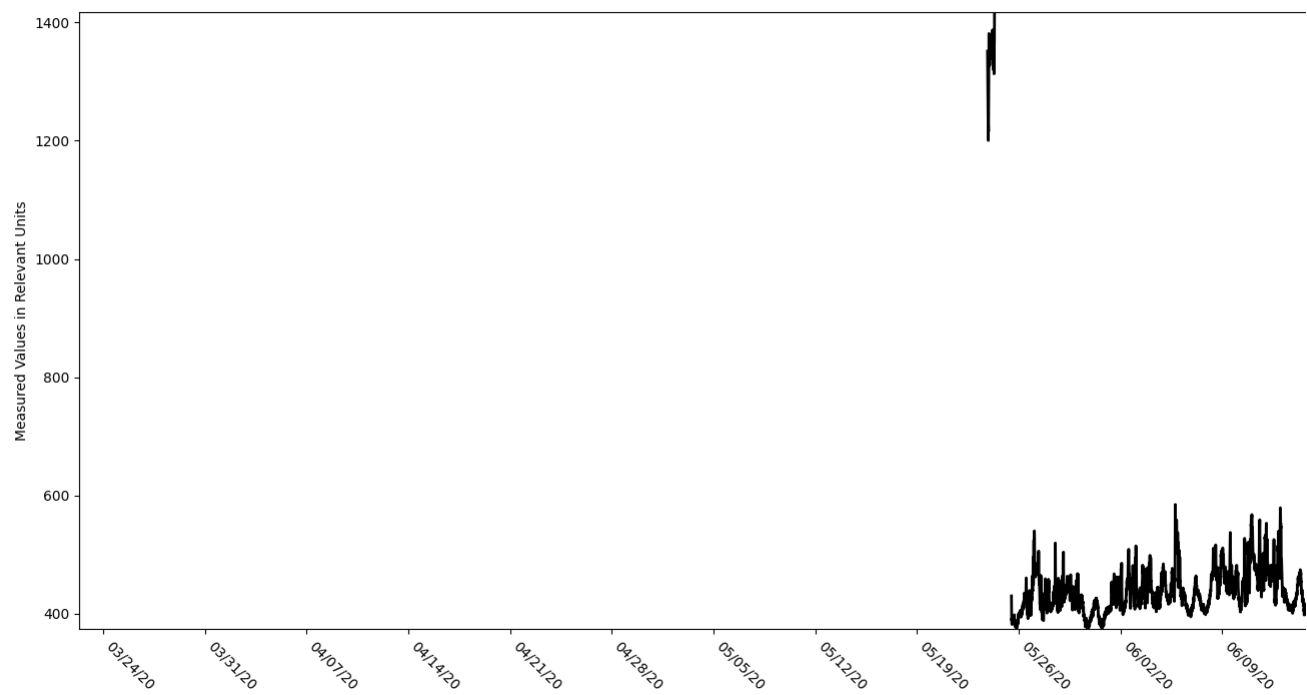

Figure 1.1:CO2 Timeseries data with units of parts-per-million during the study period

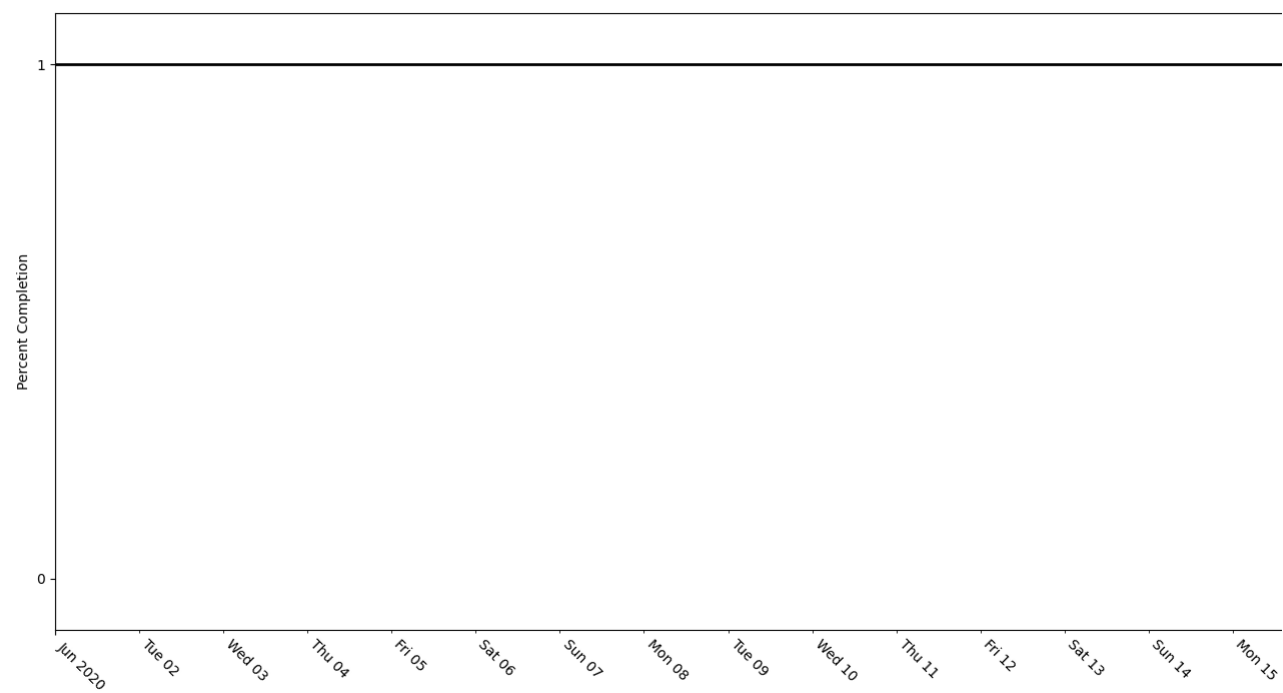

Figure 1.2:Reliability of the CO2 sensor during the study period
